Faith Formation At Your Church

Church Name:	Your Name:

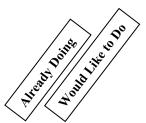

Go through and check the Faith Formation activities that you are already doing and those you would like to do. Add activities that you don't see listed. Have others on your Faith Formation team or decision-making team (vestry, etc.), do the same then share results and look for overlap. Questions to ponder:

- Is there a balance between "inside the box" and "outside the box" activities?
- Is there a balance between safe/reliable activities and activities that encourage growth and new experiences?
- Is there a balance between high energy/resource activities and low energy/resource?
- Do the activities you offer reflect the needs, interests and values of your church?
- Do they reflect the needs and interests of people you would like to attract to your church?

Faith Formation: Inside the Box
